

HARASS™
herbicide

**TANK MIX WITH ACHIEVE AND STARANE HERBICIDES FOR WILD
OAT CONTROL IN WHEAT AND BARLEY**

GENERAL INFORMATION

HARASS herbicide is a dry flowable formulation that selectively controls certain broadleaf weeds in wheat and barley. The degree and duration of control may depend on the weed spectrum and infestation intensity, the weed size at application and/or the environmental conditions at and following treatment.

HARASS is noncorrosive to equipment, nonflammable, and nonvolatile.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

HARASS can be tank mixed with Achieve 40 DG and Starane herbicides for improved control of Wild oat in wheat and barley.

USE RATES

For best results, when tank mixed with Achieve and Starane, do not use less than 0.5 ounce HARASS per acre.

Tank mix HARASS with 0.62 ounce per acre (0.24 pounds active ingredient per acre) Achieve 40 DG for wild oat control. This tank mix should also include 0.8 fl oz per acre of Starane for a greater spectrum of broadleaf weed control.

Note: Green foxtail, yellow foxtail, Persian dandelion and other grass weeds will not be controlled by this tank mix.

POSTEMERGENCE APPLICATIONS

For postemergence applications, apply to young, actively growing weeds after crop emergence.

Typically, small weeds (less than 1" in height or diameter) that are actively growing at application are most easily controlled.

Refer to the Achieve 40 DG, Starane, and HARASS labels for information regarding use restrictions, labeled crops, rotational cropping recommendations, sprayer cleanup, use precautions and other information. The most restrictive provisions on any tank mix partner label will apply. Do not use the tank mix if any restrictions on the Achieve or Starane label conflict with recommendations on the HARASS herbicide label.

IMPORTANT

BEFORE USING HARASS, ACHIEVE AND/OR STARANE HERBICIDES READ AND FOLLOW ALL APPLICABLE DIRECTIONS, RESTRICTIONS AND PRECAUTIONS ON THE EPA-REGISTERED LABELS.

This bulletin contains new or supplemental instructions for use of this product, which do not appear on the EPA-registered package label. Follow the instructions carefully.

This labeling must be in the possession of the user at the time of pesticide application.

Read the Warranty Disclaimer, Inherent Risks of Use, and Limitation of Remedies on the Section 3 Federal product label before buying or using this product. If terms are not acceptable, return the unopened package at once to Seller for full refund of purchase price paid. Otherwise, use by Buyer or any other User constitutes acceptance of the terms of the Warranty Disclaimer, Inherent Risks of Use, and Limitation of Remedies on the Section 3 Federal product label.
